

International symposium of LabEx DRIIHM

5 - 7 June 2023

Biodiversity & energy and
ecological transition

Conference room
MISHA, Strasbourg

Université

de Strasbourg

Monday, June 5th

09:00 - 10:00 Welcome Coffee

10:00 - 10:30 Introductory session

Opening welcome, by Michel Deneken, president of University of Strasbourg

Presentation of the seminar, by Dominique Badariotti, director of OHM Fessenheim, and Fabien Hein, director of OHM Pays de Bitche

Introductory words, by Stéphane Blanc, director of INEE-CNRS and Corinne Pardo, RST of LabEx DRIIHM

10:30 - 12:30 News from the OHM and DataDRIIHM / EEDD working groups

12:30 - 14:30 Lunchtime - Buffet

14:30 - 17:00 Questioning biodiversity in OHM socio-ecosystems

Facilitated by D. Davy, A. Guisse, P-J. Lopez, A. Decaulne, A. Salazar

Inter-OHM introductory remarks: Emergence of these questions in the OHM? How do we take into account the diversity of pressures and factors interacting with biodiversity? How do we question the anthropic fact and its impact on living organisms? How do we account for the dynamic processes that impact biodiversity in one direction or another, and the complexity of these processes?

Origin(s) and retrospective trajectory(s) of biodiversity in the Bitche county: a knowledge base for territorial issues, by V. Robin, D. Ertlen, P-A. Herrault, P. Ruffaldi, A-V. Walter-Simonnet, A. Schnitzer, X. Rochel

Entomofauna identification between biodiversity crisis and taxonomy crisis. Feedback from OHMi Patagonia (Chile), by P. Amouroux

Environmental DNA metabarcoding, an alternative method for biodiversity inventory of large environments, by A. Espinosa Prieto, L. Hardion, J-N. Beisel

17:00 Break

17:00 - 18:00 Poster session

Exhibition hall - Salle Europe

18:00 - 19:00 OHM film session

Viewing of film extracts and / or tools from :

OHMi Téssekéré: Gilles Boetsch and A. Guisse

OHMi Pima County: Larry Fisher and Anne-Lise Boyer

OHM directors meeting / Free evening for participants

Tuesday, June 6th

09:00 - 12:30 Questioning the energy transition in the OHM - Game of scales, game of territories

Facilitated by Sylvie Daviet, Teva Meyer and Yves Noack

From energy transition to carbon neutrality. The paradigm shift in question, by X. Arnauld de Sartre, DR CNRS, TEEN Chair, Director of the TREE (Transition Énergétique et Environnementale) laboratory, UMR 6031, University of Pau - Guest speaker

The society/technology/environment nexus, a tool for analyzing the transformations of OHM territories in the context of energy transition? by D. Blanchon and F.-M. Le Tourneau (OHM Pima County), S. Daviet (OHM BMP), V. Robin (OHM Pays de Bitche)

From OHM to the world? OHM as a laboratory for studying the politics of scale in energy transitions, by T. Meyer, A. Plichon and A. Serandour (OHM Fessenheim), R. Chaubier (OHM Nunavik)

10:30 - 11:00 Break

Energy transition and public debate, the OHM territories as spaces of observation and comparison, by C. Barthélémy (OHM Vallée du Rhône), Fleur Gauché, Sascha Perroux (OHM BMP)

Energy transition and media treatment: a key to reading transition projects at the heart of OHM territories, comparisons and scale games, by N. Aubert (OHM BMP), J.-B. Paranthoën (ENERGON), A. Pertuzon (OHM Vallée du Rhône)

Evaluation of scenarios for an energy, economic and social transition of the Fessenheim region (ESTEES project), by N. Blond, T. de Laroche Lambert and F. Labaude (OHM Fessenheim)

Discussion

12:30 - 14:30 Lunchtime - Buffet

14:30 - 17:00 Transition in action

Facilitated by Fabien Hein and Dominique Badariotti

Intervention of elected officials and actors of the Fessenheim and Bitche territories, great witnesses of actions carried out locally to engage their territories in the change (environmental, ecological, energetic, economic and societal dimensions), or of actions targeted on issues such as biodiversity.

ecOps, by Anne-Sophie Romy, in charge of environmental studies at the French land staff

Energiessen, by Serge Janus, president of the community of communes of the vallée de Villé

Eco-territory project, by Jean-Pierre Piela, mayor of Breitenbach (Bas-Rhin)

Jean-Claude Mensch, mayor of Ungersheim (Haut-Rhin)

Discussion

17:00 - 17:30 Break

17:30 - 18:30 Concluding session

Intervention of the Scientific Council of LabEx DRIIHM and exchange with the audience

Presentation of the three poster prizes (Jury, Public, Student) by the Scientific Council

Closing remarks, by Stéphane Blanc, Dominique Badariotti, Fabien Hein, Corinne Pardo

20:00 Gala dinner @ Art café

Museum of Modern and Contemporary Art, 1 Place Hans Jean Arp, 67000 Strasbourg

Wednesday, June 7th

All day

Field visits

This day is dedicated to the traditional field visits related to the founding events of the two organizing OHM.

Registration is closed. For practical information, access requirements and schedule related to the visit you are registered in, please check the corresponding file.

The nuclear and hydro-
electric power plants of
Fessenheim

organized by
OHM Fessenheim

Welcome to
Bitcherland

organized by
OHM Pays de Bitche
